

Dear Coach,

Empire Photography will be at the Wisconsin State Dance Championships, presented by WACPC on February 2<sup>nd</sup> to take a group & individual photos of everyone on your team. We have new products to showcase your squad. The designs will include the WACPC & WIAA logos, date, and competition name. We are also offering our popular new product from last year-the team composite.

As in the past, Empire Photography will be photographing **all squads & individuals** before their scheduled competition time. Ask your team members ahead of time what they would like to order – we have included sample products for you to show your team. I have also forwarded you an email with this information and samples of the products.

**HOW TO ORDER:**

All we need you to do is fill out this form (further info is on the back), have the girls fill out the enclosed cards, and collect payment from your team *before* being photographed. Photos are taken as you enter the warm-up rotation. All orders will be taken and must be paid for when we photograph your team & individuals. We will make sure everyone is photographed quickly so you can get back to focusing on the competition. Every competition squad must be photographed and everyone on the squad must be photographed. Two to three weeks after the competition we will mail all orders to you for distribution.

If more than 5 orders are placed from your team you will receive one free group print to keep as a memento of your squad's appearance at WACPC's 2008 Wisconsin State Dance Championships.
